NEVADA CITY NUGGET GRASS VALLEY

A TWICE-A-WEEK NEWSPAPER MONDAY AND THURSDAY

Vol. 20, No. 87 | The County Seat Paper | NEVADA CITY-GRASS VALLEY, CALIFORNIA | The Twin Cities Paper | MONDAY, NOVEMBER 4, 1946

THINKING OUT LOUD

By H. M. L.

Parking meters seem to be gradually approaching us folks here on Broad Street. The ordinance has been printed and that is always a sure sign. We shall welcome the innovation because a meter system to the present system of alerts in which each business man has to watch his car for the tell-tale chalk mark. We are still somewmat uncertain about the cost of parking for a couple of hours, but at any rate meters will abolish the present financial hazards.

As regards meter profits we are for anything within reason, that will give our city councilmen more money to make more improvements. The city owns an airport which we think is of first importance to the future of Nevada City. Running a close second is Pioneers Park but thus far the city council has had little or no money to improve it. The municipal pool there needs to be kept in a sanitary condition, instead of the health menace it has been for several years.

If the parking meters will give city finances a boost, we think all citizens will gladly pay the small fees for parking space which the new ordinance requires. For we cannot hope for civic improvements without the wherewithall. The city's airport, park, and its streets can be greatly improved if the city council has the money to spend.

We have not mentioned the sewage disposal plant even though it is a first and a must. That will be taken care care we believe by an overwhelming vote for the necessary bonds. The bonds as the years roll around will be paid, of course, from taxes. Now is a fortunate time for floating municipal bonds, for interest rates are apparently near the record low level.

In this connection we would like to call attention to the very great aid the Nevada City Chamber of Commerce has been to the city council, in managing and taking over the financing recent improvements of the city airport. The chamber of commerce deserves the support of every citizen of this town. The dollar a month membership dues are low and its work can only be speeded up by a large aggregate of paying members who are interested enough in their city to become members.

The recent decision of the California Highway Commission to allot $65,000 for finishing the new section of the Downieville Highway entering this city, was the result of the determined work of the Nevada City Chamber of Commerce, acting on the complaint of an Indian Flat resident, who refused to send his children into Nevada City schools because of the hazards of sharp narrow turns and huge logging and lumber trucks and trailers. A chamber delegation headed by H. S. Foreman, president and H. F. Sofge, secretary, finally convinced the commission the old road was not only an ever present hazard, but had already taken a toll of lives and thousands of dollars worth of trucking equipment and private cars.

There is an inclination in most Americans, to "let George do it." We believe there are many citnzens of this town who do not realize that this is their attitude respecting the chamber of commerce. We do hope they will wake up to the fact that this the case and promptly join the chamber, not only to contribute the financial support its needs and deserves, but also to take an active part in its several activities which benefit all of us whether we contribute to it or not.

NEW NEVADA CITY POLICEMAN

Nevada City Chief of Police Max Solaro has announced that Clarence Martz, formerly on the staff of the Tahoe national forest, has been appointed on the Nevada City police force to take the place of Leslie Hubbard, resigned.

APPLICANTS FOR COMMISSIONS IN ARMY NOTIFIED

Sixth Army headquarters today announced that the 70,000 applicants for regular army commissions who were declared eligible for appointments under the first integration program are again being considered for openings in the officer corps and are urged to contact the adjutant general immediately if a statement of their present status has not been received.

To insure equal opportunity to all applicants whether applying under the new officer integration program or those qualified by the initial processing earlier this year and now being reconsidered, the adjustant general has distributed a supplemental information form addressed to the applicant's permanent home address, which must be filled out and returned on or before November 30, or opportunity for reconsideration will be forfeited.

All inquiries relative to regular army commissions and the status of applications under the new integration program should be directed to the Adjutant General, Attention AG SO R. Washington 25. D. C.

Former Nevada City Girl Weds Oakland Man

Friends have received announcements of the marriage of Miss Dorothy Marie Hoff, daughter of Mr. and Mrs. J. M. Hoff, former residents of Nevada City and Merrill Burton Steele of Oakland.

The wedding took place in the Central Lutheran Church of Oakland. The bride wore a white satin brocaded gown, with scalloped neck line, long sleevves and train. Her veil was held in place by a coronet of seed pearls. She carried a boquet of bouvardia, gardenias and white orchids. Miss Reba Sinclair, a cousin, was maid of honor. Bridesmaids were Mrs. William F. Bush, Mrs. G. A. Carlson and Miss Edith Johnson. The bridesmaids wore chartreuse and cyclamen jersey frocks.

Billy Hoff was ring bearer and Carol Hoff was flower girl. Robert Steel was his brother's best man. Ushers were Jim Needham, Thomas F. Toughy and George Seharini were ushers.

The bride attended the Nevada City high school prior to moving to Oakland with her parents.

ASSESSED VALUE OF PROPERTY IS GOING UP

Assessed value of tavable property in Nevada county for 1946 is $19,824,750 up 4.5 per cent over the 1945 valuation of $18,968,990. California taxpayers association said today making public its study of valuation changes in California counties.

Assessed value of land in the county this year is $4,621,260 up 8.1 per cent over the $4,275,845 valuation for 1945.

Improvements are assessed at $11,650,990 up 2.7 per cent over the $11,536,146 value for last year.

Personal property and money in the county this year is assessed at $3,908,620 up 9.5 per cent over the $3,568,230 valuation for 1945.

Assessed valuation of property exempt from local taxation for 1946 reached $556,120 up 35.2 per cent over the $411.230 of exemption for last year.

OVERFLOW CROWD GREETS ELKS ANNIVERSARY

The 47th Anniversary Elks party was greeted with an overflow crowd Saturday night. The evening had as its motive the annual barn dance theme which has proved so popular in past years.

A chicken supper prepared by Curtis Clark and Chester Scheemer was served at 8 p. m. During the meal entertainment by Glen Roscoe and his Union Hotel musicians songs by Mrs. Florence Kendrick and a skit by Tom Coan were enthusiastically received. These numbers were followed by sixteen entertainers rom San Mateo under the direction of Fred Eilerman, a former resident.

A unique decoration scheme was supervised by Lloyd Penrose and Mrs. Roy Deeter. Corn stalks lined the stairway and the walls of the dance hall. Table decorations were fall leaves, pumpkins and seasonal fruits.

Grass Valley Elks were well represented. Dancing which lasted until early Sunday morning hours was provided by the six piece Jerry Austin Band.

HIGHWAY PATROL REPORTS SERIES OF ACCIDENTS

The California Highway Patrol headquarters in Hills Flat yesterday reported a series of accidents that happened after midnight Sunday morning.

The car of Lawrence Casselli was stolen from LeBarr Meadows and was found within a hour after it was missed near the Bullion Mine west of Grass Valley almost completely wrecked. The car had rolled over the bank, turned over several times. There were no blood stains within the car and highway patrolmen are searching for the driver who stole the car.

Just after midnight yesterday William J. La Londe of Sacramento coming toward Grass Valey went off the road east of Hills Flat. His car was badly damaged but he escaped with a few bruises.

Bert Burns, contractor, who left his car while he was examining the wreck of the Casselli automobile, returned to find his car had been bumped by some one who did not stay to assess the damage.

BEAR RIVER AND G. V. SCHOOL DISTRICTS JOINED

The Nevada County Board of Supervisors Friday granted the petition of Bear River School District to merge with the Grass Valley School District.

A hearing was held yesterday in which Beor River residents were presented their views. The petition was signed by 172 residents of the district, as against 17 who refused. The district's assessed value is $190,000.

Between 30 and 35 children are now attending the Bear River school and according to Walter A. Carlson, county superintendent of schools, about 15 pupils are now being transported by bus to Grass Valley schools. The Bear River school he states, will be conducted by the Bear River School District trustees, this school year but next year the Grass Valley school board will take over and probably will continue to use the Bear River school for certain grades.

JUDGE THINKS GOVERNOR OUGHT TO GET RAISE

A salary increase for Governor Warren and his successors in handling the state's most important single job was advocated by Superior Judge Melvin I. Cronon of San Francisco yesterday with a plea to vote Yes on proposition No. 10 on the state ballot.

"This proposal empowers the state legislature" said Cronin, "to raise the governor's salary in keeping with the prestige, duties and dignity of the office.

"Through my 14 years experience as a member of the state legislature I became familiar with the heavy obligations imposed on the governor and feel most deeply that he is grossly underpaid.

"The governor now draws the same salary as that being paid to the lieutenant governor, treasurer, director of finance, secretary of state and superintendent of public instruction. Furthermore many of his apointees draw higher salaries than does the goveronr.

"I believe that the time has come when the general swing toward salary adjustment should include the office of governor.

Lamplighters to Present One-Act Play

The Lamplighters Circle of the Grass Valley Methodist Church will give an entertainment in Wesley Hall on Thursday evening, November 7th presenting a one act play entitled, They Wanted Publicity.

PEARDALE YOUTHS ARRAIGNED TODAY ON ROBBERY CHARGE

Probation Officer A. W. McGagin stated yesterday that Joe Gosgrove, 17, and Lawrence Smith, 16, accused of robging Mrs. Lester Dilts of Peardale of her purse at the point of a rifle, would be arraigned today.

Cosgrove and Smith were apprehended Saturday in Auburn. They were recognized from descriptions radioed by Sheriff Carl J. Tobiassen and taken into custody by Sheriff E. J. Kenison of Placer County.

They told McGagin, who brought them back from Auburn, that they had run out of money. Between them they had but $6. part of which came from Mrs. Dilt's purse. They said they had destroyed a $147 unendorsed check made out to Lester Dilts. Still in their possession was the .22 calibre rifle, with which they had threatened Mrs. Dilts and her five year old son, Cliffie.

According to Sheriff Tobiassen the boys had made their way to Winnemucca, Nevada and had doubled back. They are now in the county jail waiting action on the felony charge against them.

The story told by Mrs. Dilts to the sheriff was one of an hour of terror to which she and her little son, Cliffie, had been subjected by the two boys entering her home. Her little son had let them in. Joe carried a .22 calibre rifle. After a converastion about the Dilts horses, Joe suddenly pointed the rifle at her and ordered her to go into her bedroom and strip. Mrs. Dilts talked them out of this and did not obey. She asked the boys if they wanted money. For three quarters of an hour they kept either her, or her little son, covered with the rifle. Every time she moved, she stated, the boys leveled the rifle at her son.

The two youths finally departed with her purse, contained an unendorsed check made out to her husband, a dollar bill and change, and as a final threat said they would come back and kill her if she notified the police, or her husband. On leaving they discharged the rifle through the ceiling.

BETTER GAS FOR THIS AREA ON NOVEMBER 17

Beginning November 17, Pacific Gas and Electric Company will serve propane air gas to residents of Grass Valley and Nevada City instead of oil gas now manufactured in the company's plant. Announcement of the change was made today by L. R Farrell, district manager, following action by the California Railroad Commission authorizing the improvement.

Propane gas a product of the cracking process in the manufacture of gasoline, will be automatically mixed with air in the local plant, stored under pressure in gas holders and distributed through the mains in the same manner as manufactured gas. Although propane air gas has a substantially greater heating value than manufactured gas, the operation of appliances will be virtually unchanged. The company's servicemen will call on every customer and adjust appliances for use of the new gas whenever necessary.

"There will be no interruption of service because of the introduction of propane air gas" District Manager Farrel said today, "and appliances may be used as usual except that housewives are cautioned to turn the burner valve only half on, especially those for the surface and oven burners of gas rangers, until the user becomes accutomed to the new gas."

Liquid propane gas will be shipped to Grass Valley by truck from the bay region refineries. Approximately 400,000 gallons of liquid porpane will be required to produce the quantity of gas estimated to be used during the first year of propane air gas operation.

P. G. and E. customers will benefit by the substitution of propane air gas in lowed monthly bills for their service. The rates to be charged for the propane air gas will on the average give consumers approximately a 10% reduction in their monthly bills as compared with bills for the present service when conditions relating to temperature and use are the same. Attention is called to the normal increase in use of gas during the winter months as compared with the fall months which results in the average domestic consumer's December bill being from 10% to 20% higher than his November bill in the Grass Valley-Nevada City area.

The Grass Valley gas plant is one of the oldest in the P. G. and E. system. The original plant was built in 1862 by the Grass Valley Gas Company. Gas was made from pitch wood and coal and retailed at $10 per thousand cubic feet.

KNIGHTS OF COLUMBUS

The Grass Valley-Nevada City Council of Knights of Columbus will honor 25 year members and entertain their wives at a venison stew in Serra Hall this evening in Grass Valley.

John Looser will be master of ceremonies and William Carey chef in charge of preparing the stew. A large delegation of Sacramento and Sacramento knights and their ladies are expected.

FORMER WELFARE HEAD OF NEVADA COUNTY HONORED

Charles Ingram, formerly welfare director for Nevada County, who transferred to San Bernardino county and lately to Marin County, has been chosen president of the County Welfare Directors Association at the recent state conclave in San Diego.

Ingram will leave December 1st to represent California counties in the annual conference of the American Public Welfare Association at Baltimore, Md. He expects to be gone for three weeks.

MONEY

This is going to be a silly editorial, so if you've got anything else to do(for heaven's sake do it. But if you've worked all the cross word puzzles in the house, tried the radio and gotten a squawk, looked out toe window and seen nothing, called up a couple of friends to gossip and found their phones unanswered—why, read it—you haven't got much to lose.

It's about money.

Money is too much maligned. It has a certain charm, that should be brought out from time to time.

Of course, it isn't worth much now, doesn't buy a great deal—still, it has a certain intrinsic appeal. Even pennies have a coppery glow. If you hold them in your hand for a while, they get quite warm. And tired and tattered dollar bills, they're rather ugly and the green has turned ghastly, still they'd have a trading value.

You can still exchange one for a first rate breakfast of for a more or less chancey dinner, or for a pretty good bottle of wine. Five dollar bills have quite a bit more prestige. A person can really be enthusiastic about one of these.

Ten dollar bills are definitely dignified, and twenties give an aura of success with a capital "S". Still they are frequently hard to change.

The silver dollar or cartwheel, is fine, looks like real money, (an asset in these times) but if you get four or five of them in your pocket, why your pants are going to sag. As for the small silver four bit pieces, quarters and dimes, they come in very handy too, but the dimes are very, very easy to lose.

Surveying the money situation in general, we conclude that while it may be the root of all evil, evil after all, has got to have a root somewhere and it might just as well be in money, with all its pleasant connotations, as somewhere else.

TO SERVE SO THOUGHTFULLY AND SO WELL THAT THE BEREAVED TURN TO US WITH FULL CONFIDENCE—AS THEY WOULD TO A TRUE FRIEND—IS THE HIGHEST AIM OF THE

BROAD STREET

By
Harley M. Leete, Jr.

Many compliments have come this way on last Monday's Broad Street, written by C. S. P. The mysterious initials stand for the well known Downieville Road haciendero, Cedric S. Porter.

Newspaper advertising is swell, but the guy who contracts or all the space on breakfast food boxes will make a million. Millions of husbands, forced by their wives to refrain from reading the morning paper at breakfast, gradually and against their will memorize every syllable on the gaily colored cartons.

Ask any character upon whose matudinal table sits the Sparkles carton—he can tell in a flash how it is "Terry's favorite breakfast—shot from guns — vitalized whole wheat with germ intact"— he can even tell a lot of facts about Gruman Wildcats and other naval and military planes which don't need advertising.

While you are laying your plans to make that advertising million, we deftly pass to Item 2 or today—a linoleum eye view of a character helping run a newspaper.

He sits in a swivel chair. This gives on an executive feeling. In the back shop, a stone's throw away (in fact, a boulder's throw away—it's right in the editor's lap, the great machines are humming away.

All of a sudden the g. m. (great machines) stop humming. The linotype operator is out of copy. The job press stops humming—clank. The printer wishes to have a press proof inspected. The telephone rings. The printer's devil (Donald Justin Rollins) comes up with a big metal slab in his hand—"It's got bubbles in it," he says.

The telephone rings again, and is answered. A subscriber wants to know why he hasn't been getting his paper for three weeks. As the editor talks on the phone, more or less soothingly, three furriners come in wanting Sketches of the Gold Country.

See? And worst of all, a chap learning the business can't bury his mistakes. Everybody sees them the next day and laughs or screams. Anyhow, theres a m'otto for an editor to go by—sort of a creed, just like in Boy Scouts—"the worst crime an editor can commit is to put out a dull paper."

It's a tough one to live up to.

Late reports from the Farmers Market say all is not well — not enough public support. Perhaps this well-conceived institution is merely suffering from the general and, we hope, temporary slump in retail business here.

First response of Grass Valley people to the new Nugget is better than encouraging. Our ambition is to serve both communities, and we need the support of our growing list of subscribers to do it. To put it another way, our ambition is to be Nevada County's greatest booster.

That is our conception of a newspaper's proper place in the community.

The other day someone asked what we'd like most—the answer was easy. A brand new 1947 printing plant and a circulation of 10,000. "Work on the project for 20 years," said the questioner. Hmmmm.

Larvae of some fruit pests avoid stomach poisons by discarding the first few bites of tainted food before burrowing in poisoned twigs or fruit according to scientists of the University of California college of agriculture.

University of California scientists on the Davis campus have developed a new fork lift to be attached to a farm truck which wiill carry a ton of trayed fruit between the cutting shed and the sulphur house.

Poultry can be debeaked easily to prevent cannibalism by a homemade machine devised by the University of California college of agriculture.

The current California real estate boom is doomed to collapse in the near future according to a University of California history professor who bases his prediction on previous inflated periods.

Scout Drive Sixty Per Cent Under Quota

Announcement was made today by C. E. Kreatz, general scout appeal chairman that from reports closing last Saturday thoughout the Tahoe area council, nearly forty per cent of the total budget had been attained. The reports from all the communities which reported were still incomplete. Local campaign chairmen reporting were L. O. Poulson for Roseville, Rocklin; William Menchinella for Lincoln, Edw. Frantz for Nevada City; William Stinson for Grass Valley; E. Beckett for Newcastle, Penryn; John Raffette for Auburn; Thomas Buell for Truckee, Tahoe; Chester Gibbs for Colrax, Weimar and William Hughes for Forest Hill. The appeal continues officially until November 12th and local chairmen were urged by general chairman Kruetz to try and complete their local appeals by that time. It wwas announced that any community that was not as yet started would probably be on their way by the end of this week.

WATCH THAT WINDSHIELD

Motorists are reminded that it is time to check on the condition of windshield wipers. With California's rainy season about to begin, motorists cannot afford to be caught on the highway with a defective windshield wiper. A thorough check now will save hazardous driving later.

If a person is sleepy enough, he can fall asleep standing up, sitting down, or in any other position. There is a disease call narcolepsy in which people fall asleep standing up.

NO. 8651
SUMMONS
IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA.

A. G. [illegible]SAY, Plaintiff, vs.
R. N. McCORMACK, as administrator of the estate of Lydia M. Smith, deceased; E. L. BOWMAN, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint, adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, Defendants.

Action brought in the Superior Court of the County of Nevada, State of California, and the Complaint filed in the office of the County Clerk of said County, Frank G. Finnegan, Attorney for Plaintiff, Nevada City, California.

The people of the State of California send greeting to: R. N. McCORMACK, as administrator of the estate of Lydia M. Smith, deceased; E. L. BOWMAN, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint, adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants.

You are hereby notified that an action has been commenced against you in the above entitled Court by the above entitled plaintiff for the purpose of determining all adverse claims to and clouds upon the title to all that certain real property situated in the City of Nevada, County of Nevada, State of California, and more particularly described as follows, to-wit:

A portion of Lot No. Four (4) and a portion of Lot No. Six (6), Block No. 61, of the Townsite of Nevada City, as said lots and block are designated upon the official map of the City of Nevada, made by H. S. Bradley in the year 1869, and more particularly described as follows, to-wit:

Commencing at a point on the fence, marking the southeasterly boundary of the property of A. F. Williams et ux., from which the most southerly corner of said Lot No. 4, on the northeasterly line of Park Avenue, bears the following two successive courses, to-wit: South 44° 32' West 146.11 feet, South 50° 20' East 50.15 feet distant; thence, from said point of beginning, with true bearings, North 44° 06' East 100.96 feet, set hub for witness corner, 108.00 feet to point in alley; thence South 44° 41' East 61.58 feet to a point in said alley; thence South 46° 11' West 1.69 feet set hub for witness corner 43.25 feet to fence corner, identical with a corner of the properties of A. Haddy and C. A. Arbogast; thence along the northwesterly line of the Arbogast property, South 46° 53' West 64.75 feet to the most easterly corner of the property of Haddy; thence along the northeasterly line thereof, North 44° 41' West 56.84 feet to the place of beginning.

You are hereby directed to appear and answer the complaint in an action entitled as above brought against you in the Superior Court of the County of Nevada, State of California, within ten days after the service on you of this summons, if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damage demanded in the complaint as arising upon contract, or plaintiff will apply to the Court for any relief demanded in the complaint.

GIVEN under my hand and seal of the Superior Court of the County of Nevada, State of California, this 21st day of October, 1946.
(SEAL)
R. N. McCORMACK, Clerk.
By R. E. DEEBLE, Deputy Clerk.
FRANK G. FINNEGAN,
Attorney at Law, 207 North Pine Street, Nevada City, California.

CARELESS CITIZENS

A motorist who is otherwise completely law abiding often does not realize that when he climbs into the drivers seat o an automobile he becomes one of the worst of criminals. His careless driving marked by wanton speeding by schools, playgrounds, and business districts, may some day kill an innocent person. Slow, signs are placed in these districts for purposes of safety— they are not to be ignored.

Telephone service business is not confined to a few large corporations. there are 6156 telephone companies serving the United States.

U. C. Receives New Andean Specimens

BERKELEY, Nov. 4—New and previously unknown orchid specimens from the Andes of Peru and Colombia have arrived on the Berkeley campus of the University of California, having been collected by the university's fourth botanical garden expedition to the Andes.

The expedition was organized by Professor T. H. Goodspeed director of the botanical garden who has just returned from a trip to South America as a guest of the Columbian government.

Three parties of the expedition led by South American botanists collaborating with Goodspeed are working in botanically unexplored territory. Two parties are working in Colombia and one in Peru.

The living orchid specimens complement the large collection from tropical America which was collected in three prewar expeditions sopnsored by the university.

Goodspeed delivered a large number of lectures at the National University of Colombia and before scientific societies and made preliminary plans for the development of a botanical garden at Medellin.

The United States flag is the 3rd oldest of the national standards of the world; older than the Union Jack of Britain or the Tricolor of France.

NOTICE FOR PAYMENT OF COUNTY TAXES

The taxes on all personal property secured by real property and one-half of the taxes on all real property for the fiscal year beginning July 1, 1946 and ending June 30, 1947, will be due on November 1st, 1946, and will be delinquent on the 5th day of December, 1946, at 5 o'clock p. m., and unless paid prior thereto six per cent will be added to the amount thereof and if said one half be not paid before the 5th day of December, 1946 at 5 o'clock p. m., an additional three per cent will be added thereto. The remaining one half of the taxes on all real property will be payable on and after the first day of January 1947, and will be delinquent the 20th day of April, 1947 at 5 o'clock p. m., and unless paid prior thereto three per cent will be added to the amount thereof together with a further charge of 50c for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the Treasurer's and Tax Collector's office, Nevada County Courthouse, Nevada City, California.

ELMA HECKER,
ExOfficio Tax Collector and County Treasurer, Nevada City, California.

SHERIFF TOBIASSEN IS EXPERIENCED

Carl Tobiassen seeks reelection to the office of sheriff of Nevada County based on a long and outstanding record as a public official and a citizen of the people.

As a public official he helped to keep Nevada County free of crime and today with crime on the increase in the state of California it is to Tobiassen's credit that this county has the best record in the state.

As a citizen Tobiassen has been aboce reproach. A father of six children, he has seen them grow to maturity and to become wholesome contributors to community life.

Regarded highly by his fellow California sheriffs he was rewarded by being elected to the highest office of the State Association of Sheriffs. This is the first time this honor has ever been bestowed on a sheriff from Nevada County.

Tobiassen is aware of the problems of readjustment after a terrible war. He feels that there is no substitute for experience to cope with the immediate years ahead.

NUGGET RECIPES

SPANISH ORANGE CREAM

Makes eight servings

1-2 envelope Knox sparkling gelatine, 2 cups milk, 1-2 cup sugar, 3 eggs, 1 cup orange juice, 1-2 teaspoon salt, 1-2 teaspoonful lemon extract.

Directions: Soak the gelatine in milk ten minutes. Place over hot water and when gelatine is dissovled add sugar. Pour slowly on the yolks of the eggs slightly beaten, return to double boiler and cook until thickened somewhat, stirring constantly. Remove from range, add orange juice, salt and lemon extract, then add whites of eggs beaten stiff. Turn into one large or individual molds, first dipped in cold water and place in ice box. This will separate and form a jelly on the bottom and custard on top.

Everyone likes this Chili Con Carne, and less than a pound of beef feeds six.

1 1-2 lbs. red beans. 3-4 lb. ground beef, 2 tbps bacon fat, 3 tbps minced dry or green onion, if desired. 2 tbsps minced pepper, 1-2 clove garlic minced, salt and pepper to tas.et 2 tbps chili powder, 2 cans Del Monte tomato sauce.

What you do: Look over the beans then wash and cover with cold water. Bring to a boil and add hot water as needed. When half tender add the beef, fat, onion, pepper and garlic and simmer until the beans are tender and liquid has cooked down to about a quart. Add salt and pepper t otaste, the chili powder and the tomato sauce. A mighty rich looking sauce, isn't it? Richly concentrated spice and tomato goodness. Serve right from the kettle or place in a casserole and bake in moderate oven for about an hour if you like baked chili con carne. Serves 5 to 8 generously.

Carrot Ring With Any Creamed Fish: 2 cups grated raw carrots. 1-2 cup bread crumbs. 2 eggs. 1 teaspoor salt. 2 tablespoons wesson oil. 1-2 cup milk.

Wash, scrape and grate carrots, mix with bread crumbs. Combine well beaten eggs, salt, Wesson oil and milk. Add this to carrot and crumb mixture. Fill a Wesson oiled ring and set mold in pan of hot water, bake in 325 degree oven until firm. Turn mold onto hot dish and fill with creamed fish or creamed eggs.

CHIFFON PUMPKIN PIE

Filling:
- 1-2 cup liquid honey.
- 1-2 teaspoon salt
- 2 taspoons cinnamon
- 1-4 teaspoon nutmeg
- 1-2 teaspoon ginger
- 1 1-3 cups cooked pumpkin
- 2 egg yolks, well beaten
- 1-2 cup milk
- 1 tablespoon gelatine, soaked in 3 tablespoons cold water
- 1 cooled, baked 9 inch pie shell.

Combine honey with salt, spices and pumpkin in top of double boiler. Add egg yolks and milk and mix thoroughly. Cook over boiling water until mixture thickens, about 10 minutes, stirring frequently. Remove from heat, add gelatine and beat with a rotary eggbeater until gelatine is completely dissolved. Cool mixture until it begins to jell then beat until fluffy with rotary eggbeater. Make a stiff meringue by beating the egg whites with cream of tartar until firm enough to hold a point, then gradually beat in the honey. Fold meringue into fluffy pumpkin mixture. Pile lightly into the baked pie shell. Chill at least 4 hours or until ready to serve, 6 servings.

Meringue:
- 2 egg whites.
- 1-4 teaspoon cream of tartar.
- 2 tablespoons liquid honey

Lemon Bisque Is a Perfet Party Dessert

Maybe our main courses nowadays often can't be as dressed up as we like. But there's always dessert. And the meal that winds up in a burst of glamor is practically certain of success. Of course desserts too, present problems. Time is one and limited supplies another.

Here's a perfect party dessert lusciously creamy that can be made without sugar and cream.

Lemon Bisque
- 1 can 12 oz. evaporated milk.
- 1 package lemon flavored gelatin
- 1 1-2 cups boiling water
- 1-3 cup honey or 1-2 cup sugar
- 1-8 teaspoon salt
- 3 tablespoons lemon juice grated rind or one lemon
- 2 1-2 cups graham cracker crumbs or vanilla wafer crumbs.

Chill milk thoroughly by leaving in refrigerator several hours or in freezing compartmetn until ice crystals form. Dissolve gelatin in boiling water. Add honey or sugar, salt, lemon juice and rind. Cool. When partially thickened whip milk in cold bowl until stiff. Whip gelatin mixture. Thoroughly cobbine milk and gelatin. Line bottom of a large pan 91-2 y 12 with half of crumbs. Pour in mixture and top with remaining crumbs. Chill until firm.

Yield: 12 large servings.

WALK WITH CARE

The pedestrian who steps into a traffic lane from between parked cars may be stepping directly into the path of trouble. Cross only at intersections, and before crossing, stop, look and "take it easy."

KEEP BATTERY CHARGED

Maximum efficiency can be obtained from you automobile battery by keeping it fully charged. Hard starting usually indicates a run down or defective battery.

The Salton Sea under ordinary conditions a salt marsh covered in places by shallow lakes, is 30 miles long, 12 miles wide and is 280 feet below sea level.

PLAN YOUR FLOORS

All good floors should be safe, durable and easy to clean. But to secure the utmost in comfort and efficiency from your home, you should plan each floor area with other factors in mind. Comfort and quietness in the bedroom for examples, and appearance in the living room. And in the bathroom, kitchen and laundry water resistance gets top consideration.

Every person has 1024 parents from the past ten generations. Count 'em—you have a father and mother, they each had a father and mother; they each—etc.

The shoreline distance of the lake created by the Shasta dam is 365 miles.

Let's Keep A Good Sheriff - -
There Is No Reason To Change
RETAIN
Carl J. Tobiassen
SHERIFF
OF NEVADA COUNTY

CARL J. TOBIASSEN is still in the prime of life, backed by years of practical and actual experience.

The United States is facing a sharp increase in crime throughout the nation. There is no man better qualified than CARL J. TOBIASSEN to meet this situation as he has successfully done in the past many years of service to your county.
The record of CARL J. TOBIASSEN is above reproach. He has maintained an efficient, competent office and through his knowledge of crime and police work has kept Nevada County's crime down to where Nevada County has the best record in the state.

His knowledge and experience, plus the fact that he is known throughout the state for his work in law enforcement has resulted in your Sheriff being selected as President of the California State Sheriff's Association, head of all Sheriffs of the state, an honor which comes to small counties very seldom and which has never been brought to this county before.

CARL J. TOBIASSEN has made a study of the habits of criminals, and knows how to cope with crime.

SNELL HAS BEEN LAWYER 35 YEARS

James "Jim" Snell, candidate for Superior Judge has been a resident of Nevada County for more than 50 years.

Coming up the hard way but with his goal clearly in sight Snell worked in the mines in the day time and studied law by candelight at night. As a working man in the Nevada County forests and as a miner Snell knew and appreciated the problems of the working man. This background of working as a laborer put Snell in an understanding position when as a trained lawyer he was called upon to be the counsel for the Nevada County miners.

To be a successful Superior Judge according to Snell, your experience must be varied. Snell has practiced law in the various courts of the State of California and the United States. Snell has been practicing law for the past 35 years.

Snell believes that he knows Nevada County problems and that his background fits him for the most important elective job that Nevada County has to offer.

FOREST SPRINGS FARM CENTER TO RAISE FUNDS FOR BUILDING

The Forest Springs Farm Center has opened a campaign to raise funds for a farm center building. Chairman of the drive is Raymond C. Conway, assisted by Mr. and Mrs. G. R. Simpson, Mr. and Mrs. Ronald Pascoe, Mr. and Mrs. Herbert Pingree, Mr. and Mrs. Kelly Hill, Mr. and Mrs. F. Smith, Mr. and Mrs. C. O. Armstrong.

The group has acquired a new half ton truck which will be sold for the benefit of the building fund December 1. Conway stated that the Farm Center has been meeting in the school house and in private homes for years and now needs a home of its own.

The University of California post war ROTC program opened with the beginning of the fall semester.

Signed and Sealed

Gale Storm, Hollywood film star, autographs one of the first new glass containers to arrive on the grocer's shelf since V-J Day. It is a new, vacuum-sealed coffee jar—lighter, shorter and stronger than prewar types. The ultra-vac jar is available in California and West Coast states now.

Throughout the ages, people have found one of their most important sources of life giving energy in the wheat. Mention of wheat was made by the Assyrians and Baylonians in the stone ruins of Tello whih historians place at about 3000 BC.

VERNON STOLL QUALIFIED FOR SUPERIOR JUDGE

Vernon Stoll in his letter mailed to each and every Nevada Countyan crealy shows that he knows the responsibility that goes with the office of Superior Judge. His letter shows that the office of Superior Judge is no ordinary office and that the man who will be elected tomorrow to fill the office for at least the next six years must be possessed of certain qualifications.

Stoll states that "the office which I seek is one which makes a great demand on its occupant, requiring maturity of judgment, coupled with a willingness to learn. Legal knowledge is required, but it must be accompanied by the recognition of the impossibility of one person knowing all the law. It calls for a willingness to listen to evidence on all sides, to study and interpret the law with reference to the facts presented, before judgement is passed."

Other qualifications demanded of the office, qualifications that are a part of Vernon Stoll are a strong sense of justice, with an understanding of human nature. A judge should preside with dignity, fairness and complete subjugation of his personal feelings, and his judgment must not reflect the influence of friendships or enemities.

As a county officer and a citizen Stoll has always accepted his community responsibilities, participating in charitable drives and heading servvice organizations.

In his statement to the press, Stoll stated, "that all his efforts would be toward bringing the highest honor and credit to the office of Superior Judge."

TOO FAT? Get SLIMMER this vitamin candy way

Have a more slender, graceful figure. No exercising. No laxatives. No drugs. With the simple AYDS Vitamin Candy Reducing Plan you don't cut out any meals, starches, potatoes, meats or butter, you simply cut them down. NEVADA CITY HIGH SCHOOL HIGHLIGHTS

By HENRY MURPHY

YELLOWJACKETS DEFEAT ROSEVILLE 6-0

Nevada City fighting Yellowjackets firmly defeated the Roseville squad last Friday afternoon in Roseville 6-0.

Roseville was hit again and again by the Yellowjackets but seemed to retaliate with plenty of spirit and reserves. The only score of the evening was made by Dave Tobiassen, right half for Nevada City.

Outstanding work was done by the entire squads, but the most credit goes to Dave Tobiassen, Keith Marsh and Full back Fred Anderson.

The lineups for the Yellowjackets were Bob Williams right end, Ray Nelson right tackle, Keith Marsh right guard, Dale Berger center, Charles Moore left guard, George Pello left tackle, Doyle Roche left end, Bub Wood quarter, Hubert Stroh left half, Dave Tobiassen right half and Fred Anderson full.

Fred Anderson full back sustained injuries on his knee during the game and was removed to a hospital. This injury leaves a gap in Nevada City's defensive plays and since he will probably not be able to participate in the Armistice Day game with the Grass Valley Miners the Yellowjackets will surely feel his loss.

BUMBLEBEES LOSE 19-0

Even though the Bumblebees played an exceptional game they were defeated by a superior Roseville squad 19-0.

HOME CLUB ENTERTAINS

Halloween spirits invaded the high school one night earlier this year than scheduled as the Home Ec Club's Halloween party started off with a bang, with dancing to the latest popular recordings.

Clever decorations consisting of colorful dogwood branches, lanterns, skeletons and apples were done by Virginia Church, Lavina Heiser, Virginia Manley, Joan Havey and Barbara Williams.

Refreshments of sandwiches, apples, doughnuts and cider was served later in the evening by Mrs. Robinson, Home Ec. advisor and instructor.

SEARCHLIGHT GREETS RIVALS

Both Nevada City and Grass Valley will bury the hatchet tonight since the Searchlight has planned to entertain the Grass Valley Red and Gold Staff. This joint session was planned to decide on a suitable Armistice Day program which will combine both schools footballs lineup, news and other activities of special interest.

Besides working on the program, a well rounded program has been planned which will include dancing, games and light refreshments.

FACULTY ENJOYS HALLOWEEN DINNER

Members of the high school and grammar school faculty enjoyed a potluck dinner ecently amid all the slendors of Halloween. The dinner must have been quite an affair, since no complaints were heard from the faculty.

Despite claims for new hemicals, such as DDT and "1080" the best long term method of controlling moquitos and rats lies in preventing their breeding.

BOO! Those Hallowe'en witches are all set to ride the skyways again—but the traditional broom is too slow for the 1946 tempo. Stewardess Roberta Marlowe of Western Air Lines insists the modern witch looks like this when hitchhiking at 200 miles per hour atop a speedy skyliner.

Fearless Heroine Is Aided By Machine In Broadway Theater Picture

The inability of a killer to deceive a lie detector device forms the stirring climax of "The Truth About Murder" RKO Radio's melodrama playing Wednesday and Thursday at the Broadway Theatre.

Bonita Granville and Morgan Conway have the romantic roles in the picture. Miss Granville as a woman lawyer defends her law partner on a murder charge, when Conway, her fiance and district attorney prosecutes the case. The heroine's efforts to acquit her client by running down the real murderer lead her into many perils. The climax is brought about when via the use of the infallible lie detector the heroin makes unmasks the culprit.

Lew Landers directed the offering, with Rita Corday and Don Douglas co-featured with Miss Granville and Conway.

Death Valley, part of the Great American Desert, is largely in southeastern California.

CALL FOR BIDS FOR TRANSPORTATION CONTRACT

NOTICE IS HEREBY GIVEN: That sealed written proposals will be received at the office of the governing board of the Nevada City Unified School District, at the Nevada City Elementary School, 505 Main Street, Nevada City, California, on or before November 12, 1946, at the hour of 5 o'clock P. M., for the transportation of pupils attending the schools of said District for the period from December 2, 1946, to June 6, 1947, in accordance with the terms and conditions hereinafter set forth.

1. All transportation must be by motor vehicles equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Each bidder must specify in his bid that the bidder binds himself to jointly insure his liability and that of the board and the district for damage to property or injury or death to person in the sum of $5,000 for damage to property, and in the sum of $100,000, for injury or death to person or persons, such insurance to be carried in any insurance company authorized to transact the business of such insurance in California.

3. The routes over which transportation is to be furnished and the schedule upon which transportation is to be furnished and the approximate number of pupils to be trtnsported ars as follows:

Transporting approximately nine pupils from a point on the Cement Hill Road near the Leslie J. Orzalli residence to the Nevada City Elementary School and to return from the Elementary School to the same point on the Cement Hill Road. Transporter to act as an independent contractor and to deliver pupils at the Elementary School not later than 8:30 a. m. of each school day and shall be prepared to leave the school with the pupils at approximately 3:30 P. M. of each school day.

4. Payments to be specified in the contract will be pro-rated under the terms of the contract and will be payable on and after the first day of each calendar month for services rendered during the preceding month. Contractor to agree that he will forfeit the sum of $5.00 per day for each day that he does not complete two round trips.

5 The acceptance of any bid and the provisions of any contract executed by the Board is subject to the approval of the County Superintendent of Schools. The Governing Board of the Nevada City Unified School District reserves the right to reject any and all bids.

Dated: October 28, 1946.

BOARD OF TRUSTEES OF THE NEVADA CITY UNIFIED SCHOOL DISTRICT.

ALBERT S. BATES, President.

MILES D. COUGHLIN, Secretary

Publication dates: November 4, 1946 and November 7, 1946.

STOP SIGNS

Motorists are cautioned to obey arterial stop signs at all times. That does not mean merely slowing down quickly shifting into second gear and then dashing of again. The signs say Stop, and are put there for safety's sake—and for his own sake, each motorist should come to a full stop before proceeding on his route.

WEAK BATTERY

One of the first obvious indications of a weak battery is sluggishness when the starter is depressed. If the motor does not turn over rapidly the battery is doubtless in need of recharging or replacing.

In a single day in 1851 seven river steamers arrived at the Marysville docks.

Ancient Peruvian Weaving Praised

BERKELEY, Nov. 4.—Fine herringbone twills, damasks and brocades that would do credit to modern European looms were a routine product of the ancient Peruvians [illegible] A.D.

This is revealed by Dr. Lila M. O'Neale professor of decorative art and associate curator in the museum of anthropology on the Berkeley campus of the University of California, who is studying specimens miraculously saved in burial places of the ancient Peruvian culture.

Dr. O'Neale said that the Peruvians used a high quality cotton, indicating a well developed industry.

The fineness of the workmanship shows beyond doubt that weaving was an old and well developed art among the Peruvians soon after the beginning of the Christian era. Such diffiult weaves take much thought and experience, and cannot be attempted except in advanced cultures.

The specimens in Dr. O'Neale's possession were saved through the centuries by their contact with copper. The soils and climate destroyed all textiles except scraps which were saved by the preservative nature of metal salts in teh copper.

A good sized specimen Dr. O'Neale stated is an inch square but she indicated that she could learn no more about the characteristics of some weavings from ten yards.

The specimens were collected in 1902-1905 by the Hearst Archalogical Expedition.

John Bidwell led the first emigrant train overland to California in 1841.

STOLL FOR JUDGE

A LETTER FROM ED FRANTZ ON SCOUT DRIVE

Dear Friend:

The Boy Scouts need your help. October 12 to November 12 has been set aside as the annual drive week.

Scouting is too well known for us to need to sell you on its purpose and objectives. Today's Boy Scouts are tomorrow's good citizens as you well know. Maybe your son has been a Scout or your neighbor's boy is now. You know how scouting pays off in a better America.

But like all good things Scouting costs money. Nevada City's share of Tahoe area council budget is $1760. It is larger than in past years because a full time field representative is planned for the Nevada City-Grass Valley area. Money is also spent for camping areas and scout jamborees. We believe every dollar is spent in a business like way.

Will you help us again this year? Please give your contribution to Al Bates or Bert Foreman. If you like, telephone the high school 120 and we will send a scout to pick up your donation. Or you may remit by mail to E. A. Frantz, Nevada City high school, Nevada City.

Thank you very much.

CAR CONDITION

Motorists are reminded to be sure that their automobiles are always in safe operating condition. It may seem a bother to have thorough mechanial check ups at regular intervals, but that seemingly wasted time will be repaid a thousand fold when an emergency occurs that requires split second action on the part of both driver and automobile.

In the Matter of the Estate of FRANK WARD, Deceased.

NOTICE IS HEREBY GIVEN by the undersigned Theodore A. Kohler, Jr., as administrator of the estate of Frank Ward, deceased, to the Creditors of and all persons having claims against the said decedent to file them with the necessary vouchers within six months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California, in and for the County of Nevada, or to exhibit them, with the necessary vouchers within six months after the first publication of this notice to the said administrator at the law offices of Wm. J. Cassettari, 208½ West Main Street, Grass Valley, California, the same being the place of business in all matters connected with the estate of said Frank Ward, Deceased.

Dated October 18th, 1946.

THEODORE A. KOHLER, Jr.
Administrator of the estate of Frank W'ard.

First publication October 21, 1946.

WM. J. CASSETTARI,
Attorney for Administrator.

Oct. 21, 28, Nov 4, 11.

GV Library Gets Two New Books

The Grass Valley Public Library has two books added to the thousands now in its shelves, one by donation and one by purchase.

Mrs. C. H. Grant recently donated a book of poems, Outside of Time, by the French author, Joan du Bouilleer. The foreword in the poem collection was written by the donor, Mrs. Grant.

Gertrude Atherton's latest book, My San Francisco—A Wayward Biography, has been purchased by the librarian and has been added to the local library's California collection.

Gertrude Atherton, California grand dame of literature recently celebrated her 89th birthday. It is of interest locally that one of Miss Atherton's first teachers four score years ago was Mrs. Ora Parsons, one of Grass Valley's first librarians.

International House At U C Home For 48 Different Nationalities

BERKELEY, Nov. 4 — Foreign students from 48 countries have found homes at International House on the Berkeley campus of the International House on the Berkeley campus of the University of California this semester according to Director Allen C. Blaisdell.

The largest group of students comes from Latin America but relatively large numbers from Canada, China and India also live at the house. One student from Afghanistan is in residence and representatives of countries long cut off from the English speaking world such as Holland, Belgium, Norway, Sweden and Siam are among the group.

Of the 638 students at International House 460 are men, half of whom are veterans of the American armed forces. In addition there are 200 non resident members.

Dimes and Gifts Honor Mr. and Mrs. Tyrrell

Harry Handlery, owner of Bret Harte Inn, guests and employees of the inn, gave James C. Tyrrell, retiring manager, and Mrs. Tyrrell, a surprise dinner Thursday night.

Handlery presented Tyrrell with a solid gold wrist watch and Mrs. Tyrrell with a monogrammed suit case. On behalf of the employes Mrs. Helen Kelly gave the couple an electric toaster and the guests who make their home at the inn gave them a set of goblets.

Mr. and Mrs. Tyrrell expsessed their appreciation of the dinner and the gifts and their regret attending an association of 17 years, the term of Tyrrell's service as manager.

Clarence R. Butler, for seven years manager of Lakehurst Hotel in Oakland succeeds Tyrrell and yesterday assumed his new duties.

Snell Endorsed By Labor

The Mine Workers Protective League of Nevada County takes pleasure in endorsing the candidacy of James Snell for Judge of the Superior Court of the County of Nevada.

He has been the attorney for this League for more than ten years last past. During that time we have seen some troublesome times in our labor relations and there have been times when one false step could have placed the whole county in labor warfare.

The industrial peace maintained and stabilized has been the result of the work of this one man more than any other factor. He has worked day and night for the accomplishment of his purpose and through his efforts labor has prospered and industrial peace has been perpetuated.

We endorse him not only because he has proven his widespread knowledge of the law, but also because of his judicial temperament and ability as a concilliator in perpetuating industrial peace.

National Hotel Menu Sought By Collectors

The change in ownership of the National Hotel in Nevada City will start a flow of reminiscences of the history of the historic hotel by local people and thousands of out of town guests who have made the National their home while visiting here. Catering to the tourist trade the former owners had printed a very attractive menu and with photographs of the hotel's golden era, with a history of the hotel, and a history of Nevada City. The menu proved such an attraction to the touring trade that an unexpected expenes item has been the replenishing of the menus which have a way of disappearing with out of town guests.

Realizing that since 1940 hundreds of new people have located in Nevada City that do not know of the historical background of the town in detail. Following is the sketch on the National Menu that proves so popular to the touring public.

Although Nevada City was not incorporated until April 1851, its story begins in the spring of 1849, a few months after Marshall's epoch making discovery of "flakes of gold" in Sutter's mill race at Coloma.

During the summer of "48" gold seekers following up the river and creek gravel deposits from Coloma found gold in this vicinity and Marshall himself camped on the bank of Deer Creek not far from the site of the National Hotel and panned "good colors."

In October, 1849, Dr. Caldwell who, during the early spring had opened a trading post about five miles below Nevada City set up a canvas and pole store on the site of the Episcopal Church.

Rich placer diggings had been found in Deer Creek and in the ravines in this vicinity and here a settlement of argonants attracted by the tales of "pound diggings" grew rapidly. This settlement was first known as "Caldwell's Upper Store" and then as "Deer Creek Diggings."

The following spring about a thousand miners many of whom had wintered here deciding that their little community should have a constituted government, met, and casting 250 votes elected an alcalde under Mexican law. After discarding such names as Slumps, Aurora, Deer Creek and Gold Run this settlement was named Nevada.

The "diggings" proved of extraordinary richness and in the spring of 1850 the population was estimated at 2000 with not less than four times many in the surrounding hills. The hill sides were covered with tents, shake shacks and here and there a log cabin.

The tents shone through the pines like great transparencies and the sound of laughter, shouting, fiddling and singing startled those old primeval solitudes strangely. It was a wild, wondeffol scene.

In March, '51, the business section of the town then mostly canvas and flimsy board structures, was wiped out by fire and as it was being rebuilt in a more substantial manner it was incorporated as Nevada City and chosen as seat of Nevada County, created by Act of Legislature, April 25, 1851.

The most significent event in the history of gold mining in California barring only Marshall's find at Coloma was the discovery of gold bearing quartz at Gold Hill in the fall of '50. This discovery was followed in October by the location of the Gold Tunnel Mine in Nevada City. The mine as its name implies was developed by a tunnel extending from just above high water wark on Deer Creek 1400 feet in a northeasterly direction under the town. Prior to these discoveries of gold in place, the tremendous production of gold from this area, (no accurate record of which exists) had come from the creek and ravine gravel mining. It was due to the finding and development of the deep seated gold quartz ledges of the district which have been continually mined since 1851 that Nevada City and its sister city Grass Valley have not long ago reverted to "ghost towns" so many of which are found throughout this California gold country.

The Nevada Journal, the first newspaper to be published in Nevada City and the second in the gold country was issued here in '51. During this year the first houses of entertainment in the county were opened. Dramatic Hall above a store on Main Street and the Jenny Lind Theatre overhanging Deer Creek. The latter was swept down the creek in a great flood the following spring. The first school in Nevada County was opened here in '51, and the first church building erected, and in the fall, Wells, Fargo & Co. opened the first express office which was later moved to the National Hotel building. The first lynch law trial in the county held just back of the site of the hotel in April '51, resulted in the conviction of three men who had stolen a bag of gold nuggets. Their punishment of 39 lashes was administered on the spot.

In the early days mining operations were continued to river, creek and ravine gravel placers and the apparatus employed was most primitive pans, rockers and simple sluice boxes. Later in the range of hills north of Nevada City the hill gravels ancient buried river channels, were discovered and here was made the initial step in hydraulicking. Drift gravel mining was also here initiated in the early '50's. Prior to 1883 when hydraulicking was enjoined and most productive drift gravel mines in the world were in operating here.

On the bank of Deer Creek just above the Pine Street bridge is the old dump of the Nevada County Mine, the workings of which extended under the National Hotel.

Within a radius of five miles gold quartz mines have produced not less than $200,000,000 and the gravel workings a tremendous additional amount. In a 25 mile radius at least half of the gold yield of the state of California has been produced.

The highway entering Nevada City from the south, Route 49, passes through Town Talk, and four miles to the south is Grass Valley whose narrow streats and ancient brick buildings (now being rapidly replaced by modern structures) are reminiscent of the gold rush days at the very beginning of which this town was founded.

Marysville the flourishing seat of Yuba County lies 38 miles to the west and Auburn the picturesque seat of Placer County 22 miles to the south, both on excellent highways. These were boom camps in the early days and are yet important commercial centers.

Thirty five miles to the north of Nevada City by a winding mountain road lies Alleghany, famed for its spectacular gold deposits and an important center of high grade mines, to the northeast is quaint old Downieville, seat of Sierra County and beyond Sierra City where the Sierra Buttes tower to an elevation of more than 8600 feet.

On the slope of Aristocracy Hill to the north is Trinity Church on the site of the first store of this community was a canvas and shake trading post established by Dr. Caldwell in the fall of '49. Here in the spring of '50 was held the first town election and the name Nevada chosen for the little settlement which had sprung up on the bank of Deer Creek.

The huge scar in Harmony Ridge directly north of the hotel is the famous Manzanita Cut, one of the richest of the stupendously rich hydraulic operations of Nevada County. Harmony Ridge is honey combed with miles of long abandoned but once highly profitable drift gravel workings.

Further to the west is the site of Coyoteville, for a time a more populous gravel settlement than was Nevada with which it was finally incorporated. Coyoteville was so named for the fancied resemblance to coyote burrows of the little gravel pits gophered out by prospectors.

In the area just north of the National was initiated the development of the mining ditches and the inauguration of California's first company to sell to miners water to assist in mining operations.

BACK TO BACK CONSTRUCTION

A more economical plumbing installation can be made if the laundry or bathroom is built back to back with the kitchen. This gives the advantages of a unit installation while retaining the flexibility and economy of mass produced appliances and equipment.

FOXY FOX

BRISTOL, England—A pack of 10 hounds of the Berkeley hunt chased a fox to the edge of a cliff at Aust near Bristol and plunged over to their death today on rocks hundreds of feet below.

The fox escaped. It had hidden in a hole on top of the cliff.

SAFE PASSING

Unless you're perfectly certain that you can safely pass the car ahead, don't try. "Take it easy," and wait until there is ample clearance.

Poor Henry! He is a right good fellow—helpful, but at times inclined to be careless. He just wasn't thinking on all cylinders when he tried to put in a dinky light globe in the kitchen fixture. But the missus knows that plenty of good shadowless light is needed in the kitchen. And that a dim small light is actually dangerous. It could be the cause of nasty burns and cuts.

It will be helpful to the well-meaning Henry in your home if you keep a supply of right-size lamp bulbs on hand for replacement of burn-outs. Just as a reminder—why not check on lamps and lighting fixtures throughout your home and make sure the right-size lamp is in the right place—bright and new and full of light. Your favorite electrical store has an ample stock of bulbs on hand. Put NEW LAMP BULBS on your shopping list today!

ELECT

JAMES 'JIM' SNELL

SUPERIOR JUDGE

PG E TO SERVE PROPANE AIR GAS ON NOV. 17

L. F. Farrell, district manager of the Pacific Gas and Electric Company announces that propane air gas will be served in Grass Valley and Nevada City beginning November 17.

The new fuel will replace oil gas now manufactured in the plant on Maryland Road. It will be distributed through the mains as usual. Farrell stated that there will be no interruption in service. He said that the gas plant is one of the oldest in the PG and E system. It was built in 1862 by the Grass Valley Gas Company and the first gas was made of pitch pine wood and coal and retailed for $10 per 1000 cubic feet.

FOREIGN GUNS

Hunters are cautioned to avoid using foreign—German or Japanese—guns when hunting. Those manufactured in those countries before the war are excellent weapons but at best are dificult to operate, while those produced in later years are more often than not defective, showing the signs of haste rather than quality. These guns should be kept only as souvenirs and operation should be left only to experts.

What this country needs is some paper money bearing the legend, "guaranteed not to shrink"

A "CHARACTER" RUNS FOR SHORT TERM SENATOR

SAN FRANCISCO, Nov. 4—What is a short term senator and who is this guy Vic Paulson? Answers to both these questions were provided today by Paulsen himself—the novice whose candidacy for the short term has raised eyebrows among political heavyweights.

In an early morning radio broadcast, Paulsen made the following observations on the legal status of the short term. In California the term of an appointed senator ends on the day his sucessor is chosen by the people. Winners in the forthcoming elections will be certified on about December 10. The major senatorial contenders Knowland and Rogers are running for what is known as the full term which does not begin until January 3 of next year. The brief period between the end of Knowland's present term and the beginning of the next full term is known as the short term. There is no scheduled session of congress during the short term and the term is of no great political consequence. As a matter of fact it's of so little consequence that neither the major candidates nor anybody else has bothered to file for it. Nevertheless the post appears separately on the ballot and a space is provided to write in a name.

Vic Paulsen who has declared himself a write in candidate for the short term is a newsman and radio announcer employed by a small independent broadcasting station in San Francisco. KSAN. He is 37 years old, married and is the father of two children.

As long as nobody else wants the short term said Pausen, I'll take it. All my life, he said, I have wanted to visit Washington and this is my opportunity.

The radio newsman said that his platform contained no issues whatever. He said that sine congress wouldn't be in session during the short term he wouldn't be able to settle any issues anyhow and he thought he ought to be honest about it.

If enough voters write in my name to elect me to the short term, said Paulsen, we'll get my sister in law to take care of the kids and the wife and I will enjoy a nice little three week tour of Washington with all expenses paid.

LIPSTICK STAINS

A fairly simple way to remove a pesky lipstick stain from garments says the General Electric Consumers Institute is to use a mixture of ammonia and an equal solution of aydrogen, the regular household product. Dip a small cloth in the solution and rub the stain with light, quick, short strokes.

Yosemite national park contains 1126 square miles.

Army Air Forces To Drop 8700 Officers

McCLELLAN FIELD, Nov. 4—Approximately 8700 non-regular army officers must be released from the Air Forces to meet new maximum personnel allowances for each air command, due to budget limitations it was announced last week.

AAF headquarters says that commanders are being requested to recommend officers at all stations to be discharged rather than confine the personnel slash to stations with officer surpluses.

Station commanders have also been requested to recommend for release a sufficient number of officers in excess of discharge requirements so that careful screening can be made.

Policies set for selection of those to be discharged call for retention of those officers who are best fitted to perform the additional duties which will result from the personnel reduction.

The discharges will reduce AAF officer strength to approximately 28.000 in the United States and 21.000 overseas.

STUDENT CONFERENCES ORGANIZED

Student body officers from all the Sierra Foothill league met recently to discuss and formulate new plans which will promote inter school re-relation between the schools of the league. The meetings held so far have been at Yuba City and Grass Valley, respectively.

A constitution for the organization was drawn up and ratified with a very appropriate motto selected: Achievement Through Unity. Following this officers were elected with Tom Hooper of Grass Valley, president and Donna Underwood of Nevada City, treasurer.

Nevada City was represented by Keith Marsh, Don Eden, Genevive Ellis, Donna Underwood and Joan Havey. Delegates from Grass Valley included Tom Hooper, Anthony Lippi, Ralph Rudkin, Joyce Kronemeyer and Robert Ramey.

The next meeting is scheduled to be held on November 21 at Placer.

You can help in "Operation Peace" by sending a CARE food package to a European family to help them rebuild their strength, their industries, their country, their lives.

Alaskans are served by more airplanes per capita than any other people in the world.

BIRTHS

Atkinson—In Grass Valley, October 26, to Mr. and Mrs. Edward A Atkinson, a son.

Rodgers—In Grass Valley, October 26, to Mr. and Mrs. Charles F. Rodgers, a son.

Shamberger —In Grass Valley, October 31, to Mr. and Mrs. Jack Shamberger, a daughter.

NEW TODAY

GOOD USED FURNITURE — In a handy place. Between the Bank and the Post Office at Roark's, 111 Bank St., Grass Valley, California. N43tc

THINKING AHEAD

Smart people weigh the future and plan to provide for those things which are inevitable. Today, many sensible folk prepare for the saddest eventuality by pre-arranging funeral detail. They want to spare their families at least this burden. We will be glad to explain how you can win this peace of mind now.

NOTICE

Voters desiring transportation to the polls. Call James Snell, Nevada City 494 or Grass Valley 401.

Veterans' News

Any veteran with a service connected disability is entitled to receive outpatient medical, surgical and dental treatment provided by the VA.

Such treament is available at outpaient departments and clinics of VA hospital,. Regional and sub-regional ofices also are setting up outpaient services.

Home town medical treatment by private doctors for service-connected disabilities may be obtained in California through the California Physicians Service. VA is completing contracts in other states which will enable eligible veterans to receive treatments from doctors and dentists in their home towns or at private hospitals and clinics if adequate VA facilities are not available.

If a veteran is in need of hopitalization he or a close relative, physician or representative should apply at the nearest VA ofice. Authorization can be given by telephone in emergencies, in which case the veteran's physician should call the nearest regional office.

If a veteran is in need of outpatient treatment for a service connected disability he may apply for such treatment from any VA clinic or any private physician who is a member of the California Physicians Service.

Veterans receiving treatment from private physicians for service connected disabilities may obtain prescribed drugs from local phamacies which have signed an agreement with the California Pharmaceutical Association.

Q: Does the veterans administration provide special treatment when required by veteran?

A: Yes. VA hospitals have consultants and attending specialists on their staffs who are recognized by the medical profession as qualified specialists in the various particular fileds of medicine. The VA also maintains special allergy and tumor clinics to which problem cases may be transferred and where the most advanced types of treatment are available.

Q: Will the VA pay a veteran's transportation to a VA hospital?

A: Yes, if prior authority for hospitalization has been issued. In emergencies ambulance service is provided at government expense.

Q: Does the USO give shows at veterans hospitals as it did during the war for men in service hospitals?

A: Yes. During August USO camp shows gavej 587 performances before 105,000 veteran patients in VA hospitals and homes.

Materials for trout lies come from very part of the world.

TEST HOPPING

It's great fun to test out the speed of that new car yet that fun may easily turn to tragedy. Under present crowded highway conditions motorists should at all times keep their speed at that point which gives the driver complete control over the automobile.

Of the 4190 wildcat wells drilled in the United States in 1945 84 per cent were dry holes; 13 per cent produced oil and three per cent produced natural gas.

One fourth of the total area under cultivation in the entire world is planted in wheat.
